

## **Starburst 1 Grade 1 Addition Games**

**KEY**

**Name:**

**Class:**

Connect 4, Game 1

You need a partner, two different colored markers (markers, crayons, dot paint, pencils, etc), and a pair of dice. Each player rolls the dice and adds the two numbers together. Color in that number with your marker. First player to get four in a row wins!

**Graders, check for completion. Use your best judgement.**

**Each Game should have two colors on it. It is possible to have a tie game with no winner visible.**

**The third game board should be filled in with the numbers 2-12 in a random way. The parent can answer the question if the game was easy or hard.**

**25 points total**

### Connect 4, Game 2

You need a partner, two different colored markers, and a pair of dice. Each player rolls the dice and adds the two numbers together. Color in that number with your marker. First player to get four in a row wins!

**Create your own** Connect 4 addition game.

Randomly fill in the circles with the numbers 2 – 12. Think about what numbers are easier or harder to roll. Have your partner play your game. Play until someone wins. Ask your partner if your game was easy or hard. Why?
